Property Description

Located 1h south-west of Toulouse is this ex-agricultural property to renovate. It consists of a 120m² main home with dining room, open kitchen, three bedrooms, a washroom, toilet, a cowshed, stable, loft, cellar, lean-to and several old farm buildings. There are over 4 hectares of grounds with a view of the Pyrenees including a pond, woods, a well and a spring.

This property will provide the pleasures of countryside life with walking, cycling and riding trails on your doorstep.

The property is served by a small country lane. An asphalt area allows access in all weathers. A big shed (42m²), attached to the old wine press (15m²) offers space to park your vehicles or convert to living space as they are attached to the main house. The ensemble takes the form of an "L".

Inside the main house, a 14.5m² entrance hall has terracotta tile flooring. To the right is a 21m² bedroom and to the left, the 21m² living-dining room with a pellet burner. The 11m² kitchen is open to the living area and semi-equipped. Back to the hall and a 2m² corridor leads to an 18m² bedroom, continuing on from the first bedroom mentioned, and to the right. A 6m² corridor leads past behind the kitchen and to a 6m² washroom with a shower, toilet and towel-dryer radiator (electric).

Upstairs there is a third bedroom, 14.5m², and a 120m² loft to use as you wish. A 26m² shed has access from the house and opens to the old stable, 41m² which includes a 45m² hayloft. There is a 204m² hangar with a wooden roof framework.

Outside, there is a working well, an old tobacco drying room (310m²), 120m² of livestock stalls, a 250m² poultry shed (max 3000 birds), and a 40m² pigsty. There is a lovely pond behind the house which offers a majestic frog ballet with their calls reminding you of the bucolic nature of the site.

The geographic location of the property means it could be used for several agricultural projects: livestock, vegetables, lavender, safran etc. It would be perfect also for beekeeping, the area is a paradise for bees. The area could be certified as organic as up until now, no chemical treatments have been used in production.

You will be able to wander into the pastures to the rear of the house to admire the view of the Pyrenees.

The roof is covered in tile. The house is constructed from stone. The facade is rendered. There is gas heating as well as electric radiators in the bedrooms. There is an electric hot water storage tank. Windows are double glazed. The property has an individual sewage system.

This property is ideal for an agricultural project, for nature lovers or for another personal or professional project.

You will be 1h from Toulouse and airport. 45 mins from skiing. 2h15 from the Mediterranean and 2h20 from the Atlantic coast, 1h05 from Spain.

Buying French Property Just Got Easier...

The purchase process typically starts once you've visited a property with one of our agents and you made an offer on a property. Once your offer has been accepted, the property will come off the market and our local bilingual expert will liaise with you and the notaire. The compulsory searches are at the charge of the owner / vendor and are carried out at this stage.

You would have already been informed about the property taxes and legal fees (that incl. the stamp duty).

The agency fees are already included in the listed price on this document, there's no premium for the superior service we offer. You don't have to pay the deposit until the 'pre-contract' has been signed, and the 10 days cooling off period has expired. It takes an average of three months to buy a property in France.
