Property Description

Place Pereire / Porte de Champerret - Nestled in a tree-lined courtyard, in absolute calm, this future 102 sqm house on three levels, with a terrace, offers a quality of life rare in Paris.

This do-it-yourself project, for which the building permit has been filed, cleared of any appeals and validated by the co-ownership, offers a true living space, bathed in light and open to the outside.

It will accommodate beautiful volumes divided between the living spaces and the sleeping areas.

The future reception room, located on the first floor, will benefit from exceptional brightness thanks to its 5 windows and will open onto a southwest-facing terrace.

On the upper floor, two spacious and bright bedrooms will share a bathroom, and a planted terrace will provide additional breathing space for the project.

The courtyard level, with a surface area of 35.21 sqm Carrez, constitutes the base of this future house: today workshop-type activity premises, it can be kept as an independent space or joined to the two upper floors to create a cohesive whole, according to your needs: two other bedrooms with a bathroom for instance.

This project is fully customizable: you can choose the interior fittings, design your spaces according to your desires, and select the materials that will set the tone of your future home.

The total price of the project is EUR990,000, divided between EUR631,000 for the existing building, the building permit and the right to increase the height, and EUR359,000 for the construction and development work.

This rare and modular project is a unique opportunity for lovers of renovation and

personalization.

Buying French Property Just Got Easier...

The purchase process typically starts once you've visited a property with one of our agents and you made an offer on a property. Once your offer has been accepted, the property will come off the market and our local bilingual expert will liaise with you and the notaire. The compulsory searches are at the charge of the owner / vendor and are carried out at this stage.

You would have already been informed about the property taxes and legal fees (that incl. the stamp duty).

The agency fees are already included in the listed price on this document, there's no premium for the superior service we offer. You don't have to pay the deposit until the 'pre-contract' has been signed, and the 10 days cooling off period has expired. It takes an average of three months to buy a property in France.
