### Property Description

Le Cannet, an urban, student and cultural destination, combines the facilities and conveniences of a large city with the gentle Mediterranean lifestyle. Thus, this residence is located a few minutes from the new covered market, the cinema, the municipal crèche and all the local shops. A true haven of peace for residents looking for a certain exclusivity, Le Cannet offers a peaceful living environment. The city benefits from an ideal location to easily reach the A8 motorway in a few minutes and go to Aix-en-Provence or Italy.

It is in the heart of rue d'Ormesson that our residence has been established, a place of life characterized by plant decor. Its location offers its inhabitants the perfect balance between dynamism and a relaxed way of life under the Mediterranean sun. The new residence in Le Cannet is revealed in the atmosphere of a new landscape respecting the identity of the place, between elegance and architectural modernism.

New apartment in residence Le Cannet

The garden allows residents to enjoy an environment planted with various species within the residence. The green spaces embellished with flower beds take on their most beautiful colours over the seasons, offering a most pleasant setting to ensure the well-being of future residents.

The new residence in Le Cannet blends harmoniously into its environment thanks to a contemporary style designed for the well-being of its residents. The building was designed to integrate into the surrounding fabric. A few townhouses ensure the transition with the structures that surround the residence. All the materials have been chosen with the most excellent care to highlight the architectural qualities of the construction.

A design and elegant architecture

The apartments are all extended by outdoor space and benefit from studied layouts. Bright and comfortable, most of them open generously onto the surrounding nature. With apartments ranging from 2 to 4 rooms, the residence offers you a wide choice of interiors to find the one that will come closest to your ideal. The elegance of this address is also reflected in the unique decoration of its entrance hall and its circulation corridors upstairs. The quality materials, chosen with care and consistency, magnify its elegance.

The floors are covered with 60x60 tiles in all rooms in wide colors.

A 20x50 earthenware adorns the walls of the bathrooms and shower rooms 2 meters high on all the walls receiving the bathtub or the shower and a frieze in the upper part.
